AFFIDAVIT OF ATF SPECIAL AGENT JERRY DONN

I, Jerry Donn, being duly sworn, hereby depose and state:

PURPOSE

1. This Affidavit is made in support of search warrants for:
 - a. A cell phone contained within an orange case assigned ATF Exhibit #406 seized from Rayshawn Wray, as further described in Attachment A-1.
 - b. A black Kyocera cell phone assigned ATF Exhibit #401 seized from Rayshawn Wray, as further described in Attachment A-2.
 - c. A black Unnecto cell phone assigned ATF Exhibit #411 seized from Rayshawn Wray, as further described in Attachment A-3.
 - d. A black Kyocera cell phone assigned ATF Exhibit #412 seized from Rayshawn Wray, as further described in Attachment A-4.
 - e. A white cell phone assigned ATF Exhibit #410 seized from Rayshawn Wray, as further described in Attachment A-5.

I believe there is probable cause to believe that the electronic devices described in Attachments A-1 through A-5 contain evidence of violations of 18 U.S.C. §§ 371, 922(a)(1)(A) (conspiracy to unlawfully sell firearms); 18 U.S.C. § 922(a)(1)(a) (unlawful manufacturing and dealing firearms) and 26 U.S.C. § 5861 (unlawful possession of unregistered firearms). The evidence to be seized is more fully described in Attachment B.

AGENT BACKGROUND

2. I am a Special Agent ("SA") with the United States Department of Justice, Bureau of Alcohol, Tobacco, Firearms, and Explosives ("ATF"). I have been an ATF Special Agent for twenty-one years. Prior to working for ATF, I was employed as a Deputy United States Marshal with the United States Marshals Service for four years. I have received training in federal firearms laws and regulations at the ATF National Academy and Federal Law Enforcement Criminal Investigator Training Program. I have investigated at least one hundred cases involving federal firearms violations, involving

unlawful sales, possession, manufacturing, and transportation of firearms. I have participated in a variety of different aspects of those investigations, including surveillance, undercover operations to conduct controlled purchases of firearms, interviewing suspects, and the execution of search and arrest warrants. I have been the affiant of numerous affidavits for search warrants relating to firearms offenses.

3. I am an “investigative or law enforcement officer” of the United States within the meaning of 18 U.S.C. § 2510(7), in that I am an officer of the United States empowered by law to conduct criminal investigations and make arrests for offenses enumerated in 18 U.S.C. § 2516.
4. Because this affidavit is submitted for the limited purpose of establishing probable cause for the requested search warrant, I have not included each and every fact known to me about this case. Rather, I have set forth only the facts that I believe are necessary to support probable cause.
5. This affidavit is based upon my own personal knowledge but also the knowledge of other law enforcement officers involved in this investigation. Where I describe statements made by other people (including other special agents and law enforcement officers), the statements are described in sum, substance, and relevant part. Similarly, where I describe information contained in reports and other documents or records in this affidavit, this information is also described in sum, substance, and relevant part.

STATEMENT OF PROBABLE CAUSE

6. The following set of facts are based on my participation in the investigation of Joshua Markanson.

Donte Robins sold guns to an ATF undercover agent and informant.

7. On November 13, 2017, in Sacramento, Donte Robins sold two unserialized Glock-type privately made firearms¹ (“PMF”) pistols to an undercover ATF Special Agent (“ATF UC”) for \$2,400. During this transaction, Robins told the ATF UC that Robins would take the ATF UC to Robins’s supplier to get customized AR-15-type rifles, silencers, and ballistic vests.

¹ “Privately made firearms” are firearms build, assembled, or otherwise manufactured by a person other than a licensed firearms manufacturer.

8. On November 15, 2017, in Manteca, Robins sold the ATF UC a Glock pistol for \$1,000. During this transaction, Robins and the ATF UC made plans to travel to Victorville, California to buy an assortment of customized rifles and pistols for \$13,000.
9. On November 17, 2017, in Victorville, Robins and Rayshawn Wray sold five Glock-type PMF pistols, two Colt 1911-type PMF pistols, three AR-15-type PMF pistols, one Century Arms pistol, and one ballistic vest to the ATF UC. All of the firearms were contained within a cardboard box. The cardboard box had a packing slip affixed to the outside that was addressed to “1776 Supply Co, Joshua Markanson, 10779 Pepper Street, Adelanto, CA.” ATF agents reviewed the publicly available website for 1776 Supply Company and it identified Markanson as the President and CEO.
10. On November 20, 2017, in Manteca, Robins sold the ATF UC three unserialized Glock-type PMF pistols for \$3,500.
11. On November 27, 2017, in Manteca, Robins sold twelve firearms to a confidential informant working for ATF (“ATF CI”). All of the firearms were PMF guns without serial numbers.
12. On December 7, 2017, in Sacramento, Robins sold the ATF UC thirteen firearms and six firearm silencers for \$21,600. All of the firearms were PMF guns without serial numbers. During this transaction, the ATF UC asked if Robins’s source of gun supply (later identified as Markanson) would be able to manufacture 20 AR-15-style firearms. Robins said that his source would make them as requested.

Search Warrants executed at Markanson's residence and Wray's residence.

13. On December 14, 2017, law enforcement executed a state search warrant at Markanson's residence in Adelanto, California (less than 10 miles northwest of Victorville, California). Inside of Markanson's garage that functioned as his workshop, there were parts laid out for 20 AR-15-style guns that were consistent with the 20-gun order placed by the ATF UC.

14. Also on December 14, 2017, law enforcement executed a state search warrant at Wray's residence in Victorville, California. During execution of the search warrant, officers seized the five cellular telephones identified in Attachments A-1 through A-5.

Markanson, Robins, and Wray charged with unlawfully conspiracy to sell guns. Robins and Wray admit that Markanson was the firearms source of supply.

15. On February 15, 2018, Markanson, Robins, Wray, and one other person were charged by superseding indictment with conspiracy to deal firearms without a license, in violation of 18 U.S.C. §§ 371, 922(a)(1)(A) and other charges.
16. On October 11, 2019, Rayshawn Wray pleaded guilty to conspiracy to deal firearms without a license. ECF 107, 2:18-CR-00024-TLN. As part of the factual basis for his guilty plea, Wray admitted that "co-defendant Joshua Markanson was Robins' source of supply for the made-to-order firearms and silencers that Robins sold the ATF." ECF 107 at A-1.

17. On November 1, 2019, Donte Robins pleaded guilty to conspiracy to deal firearms without a license. ECF 117. As part of the factual basis for his guilty plea, Robins admitted that “Markanson served as Robins’ source of supply for customized firearms at all times during this investigation.” ECF 117 at A-2.
18. Accordingly, based on Wray’s admission that he participated in a conspiracy to sell firearms with Markanson and Robins and toll records showing that Markanson, Robins, and Wray communicated with each other, there is probable cause to believe that there is evidence of Wray’s participation in the firearms trafficking conspiracy with Markanson and Robins on the cell phones seized from Wray. Further, there is probable cause to believe that evidence related to Wray’s communications with Markanson will be found on the cell phones seized from Wray.

TRAINING AND EXPERIENCE

19. Based on my experience and training and through consultation with experienced Special Agents and police officers, I believe that the items described in Attachment B constitute evidence of unlawful firearms trafficking and manufacturing. I know the following with respect to individuals who engage in criminal activity to obtain and sell firearms by illegal means:
20. They try to conceal their illegally obtained firearms by hiding them. For example, guns may be hidden under a bed, storage units, inside of a disabled vehicle, or in an attic or crawl space. Individuals illegally possessing firearms or illegally making or selling firearms try to conceal their illegal conduct to avoid discovery by law enforcement.
21. It has been my experience in the past that those engaged in criminal activity utilize cellular telephones and other electronic devices in the course of their criminal conduct. This includes coordinating with co-participants, buying firearms parts, maintaining contact with sources of supply for guns and gun parts, tracking shipments for packages both incoming and outgoing, and corresponding with customers.
- a. For example, in this case, toll records show that Robins, Wray, and Markanson all communicated with each other via cellular telephone.
22. In my experience, firearm enthusiasts may take or cause to be taken, photographs or videos of themselves, their associates, their property, and

their guns. Often these videos and photos are taken with cellular telephones or other electronic devices.

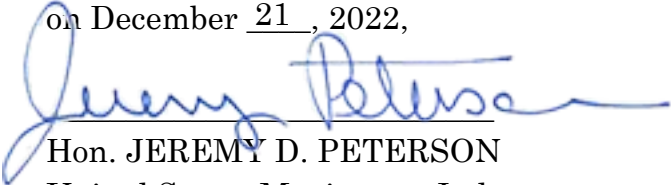

CONCLUSION

23. I hereby request that search warrants be issued for the locations described in Attachments A-1 through A-5 for the items set forth in Attachment B based upon the aforementioned facts.

I swear, under the penalty of perjury, that the foregoing information is true and correct to the best of my knowledge, information, and belief.
